# KITCHEN AND BATH

## PRODUCT GUIDE

# REFINEMENT, INSIDE AND OUT.

We've always been just as focused on the durability and functionality of our faucets as we have on their lines and curves. Our unfettered dedication to quality has helped make us a household name.

Inside this catalogue, you'll find faucets that fit any number of styles paired with multiple innovative technologies. Factor in our commitment to the highest quality, and you can see what we mean when we talk about true beauty.

To see the full lineup of Delta® products and learn more about our commitment to improving how people experience water, visit [deltafaucet.ca](https://deltafaucet.ca).

## PRODUCT INNOVATIONS

### Touch2O® Technology

Touch it on or off with a simple touch of the spout or handle. The TempSense® LED changes colour to indicate the water temperature.

### Touch2O.xt® Technology

Adds a completely hands-free option to our Touch2O® Technology. Simply hold your hands under the spout to activate the flow of water.

### MagnaTite® Docking

A powerful magnet keeps the pull-down spray neatly in place when not in use.

### DIAMOND Seal® Technology

Uses a valve with a tough diamond coating combined with Innoflex® PEX one-piece waterways, for a faucet that can last a lifetime.

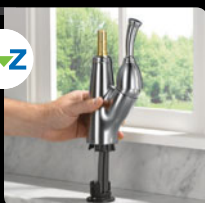

### Multi-Flow™ Technology

Temporarily increase the flow of water at the touch of a button to more quickly fill the kitchen sink, pots and vases.

### EZ Anchor® System

A quick installation feature that allows you to secure the faucet from above the deck, rather than from below.

## ShieldSpray® Technology

A concentrated stream cleans with laser-like precision, while an innovative water shield reduces splatter.

## SpotShield® Technology

A finish that helps to keep your faucet cleaner, longer by resisting water spots and fingerprints.

## MultiChoice® Universal

One rough. Unlimited possibilities. Once installed, future shower function upgrades or style changes can easily be made without altering the plumbing behind the wall.

## Temp2O® Technology

Get the right temperature every time. An LED display shows the temperature as well as a specific colour for the temperature range.

## H2Okinetic® Technology

Water is “sculpted” to provide a warmer, more drenching shower experience that gives you the feeling of more water, without actually using more water.

## In2ition® Shower

Two-in-One Shower – Use it as a Shower Head, or as a Hand Shower, or both at the same time.

## A full spectrum of finishes.

Delta® faucets are available in a variety of finishes that add warmth, texture, depth and colour to your kitchen and bath.

# GOING BEYOND GOOD LOOKS.

With sleek lines and eye-catching designs, our kitchen collections stand out. But it's what you don't see—like Touch<sub>2</sub>O® and DIAMOND Seal® Technology—that shows just how beautiful these faucets are.

For our latest products, visit [deltafaucet.ca](http://deltafaucet.ca)

Trinsic® Pro Kitchen Collection (Page 10)

## Thoughtfully designed to make kitchen tasks easier.

Touch<sub>2</sub>O® Technology was the first technology of its kind to allow you to start and stop the flow of water with a simple touch anywhere on the spout or handle, helping keep your faucet and your kitchen clean.

# WHERE WATER TAKES SHAPE.

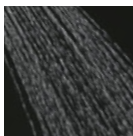

We design shower heads that not only deliver distinct looks, but also work with water in dynamic ways. Incorporating innovations like H<sub>2</sub>Okinetic® Technology, Temp<sub>2</sub>O® Technology and our HydraChoice® Body Spray System into our stylish designs transforms your daily life.

Bring your dream  
custom shower to life at  
[deltafaucet.ca/customshower](https://deltafaucet.ca/customshower)

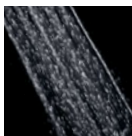

HydroRain® (Page 53)

# SPRAY PATTERNS

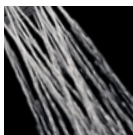

## Adjustable Full Body Spray (AF)

Adjust the water flow for a harder or softer spray.

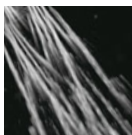

## Adjustable H<sub>2</sub>Okinetic® PowerDrench® Spray (AH<sub>2</sub>O)

Allows for full flow or water-efficient spray.

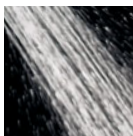

## Crossing Full Spray (CF)

Consistent pressure from all spray holes with crossing streams for more coverage.

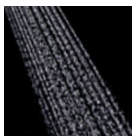

## Crossing Full Spray with Massage (CFM)

Coverage of crossing full spray with addition of a soothing, pulsating spray.

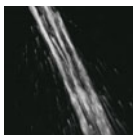

## Fast Massage (FM)

Strong, pulsating spray.

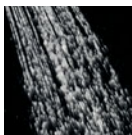

## Full Body Spray (FB)

Consistent pressure from all spray holes.

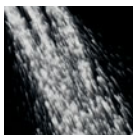

## Slow Massage (SM)

Soothing, pulsating spray.

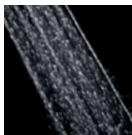

## Full Spray with Massage (FSM)

Consistent pressure from outside spray holes, plus soothing, pulsating spray.

## High-Efficiency Spray (HE)

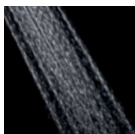

Provides full coverage and feels like more water at lower flow rates.

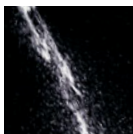

## H<sub>2</sub>Okinetic® Spray PowerDrench® (H<sub>2</sub>O)

Large drops and dense, wide spray pattern create a blanket of water.

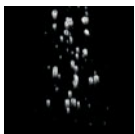

# SPRAY PATTERNS

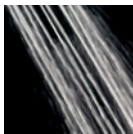

**H2Okinetic® PowerDrench®  
Spray with Massage (H2OM)**  
Large drops and dense spray  
pattern, plus a pulsating spray.

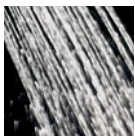

**Massage Spray (M)**  
Soothing, pulsating spray.

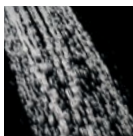

**Pause (P)**  
Reduces water flow  
to a trickle.

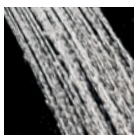

**Shampoo Rinsing Spray (SR)**  
Strong, full body spray.

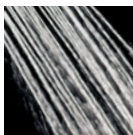

**Shampoo Rinsing  
with Massage (SRM)**  
Strong, full body spray plus  
a pulsating spray.

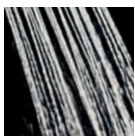

**Soft Drench Spray (SD)**  
Soft, aerated, soaking flow  
of water.

**Soft Drench with  
Full Spray (SDF)**  
Soft, aerated, soaking flow of  
water with additional sprays to  
provide fuller coverage.

**Soft Drench with Massage  
(SDM)**  
Drenching full spray plus  
a pulsating spray.

**Soft Full Spray (SF)**  
Soft, consistent pressure from  
all spray holes.

**Soft Rain Spray (SRS)**  
Gentle fall of water that feels  
like a soft, spring rain.

## MULTICHOICE® INTEGRATED DIVERTERS

### Combining style with flexibility.

Separate controls on one trim eliminate the need for an additional diverter valve. Available in three popular style choices to coordinate with a wide variety of Delta® bath collections.

# SAVING WATER

## – ONE FAUCET AT A TIME

For years, Delta Faucet has led the industry in sustainability by using environmentally responsible manufacturing processes and creating newer, greener technologies and products.

We have also partnered with the U.S. EPA WaterSense® Program to protect and conserve our water supply. We were honoured to be named a WaterSense® Manufacturer Partner of the Year in 2013, 2014 and 2015 – and as a WaterSense® Sustained Excellence Award winner in 2016, 2017 and again in 2018.

Delta Faucet products can contribute to a sustainable building and contribute towards LEED® certification.

WaterSense® and the WaterSense logo are registered trademarks of the U.S. Environmental Protection Agency.

LEED® is a registered trademark of the U.S. Green Building Council.
